

AHMED ALI

SECURITY OPERATIONS LEADER | NETWORK SECURITY ENGINEER | OPERATIONS MANAGER

Egypt | +20 10 6417 1888 | Ahmad.ali890@outlook.com

EXECUTIVE PROFILE

Results-driven cybersecurity and security operations professional with 7+ years of experience across SOC operations, network security, enterprise infrastructure, incident escalation, and team leadership. Experienced in leading multi-shift operations, coordinating workforce planning and attendance, supporting 24/7/365 service delivery, and implementing network-security solutions across enterprise environments. Combines operational leadership with hands-on expertise in FortiGate, SD-WAN, VPN, routing and switching, SIEM monitoring, firewall administration, and infrastructure security.

CORE LEADERSHIP & TECHNICAL COMPETENCIES

SOC Operations Management	Security Operations Leadership	Incident Response & Escalation
SIEM Monitoring & Analysis	Firewall Administration	FortiGate Security Solutions
SD-WAN & VPN Technologies	Routing & Switching	Infrastructure Security
Workforce Scheduling & Attendance	Team & Shift Management	Operational Coordination

PROFESSIONAL EXPERIENCE

Security Operation Supervisor | WAVZ — Egypt Post Project

Mar 2024 – Present

- Lead SOC operations teams across multiple shifts supporting 24/7/365 operations.
- Manage workforce scheduling, attendance tracking, shift rotations, operational coordination, and escalation handling.
- Support operational continuity and security-service delivery across a large enterprise project environment.

Resident Operation Manager | WAVZ — Citizen Card Project

Jul 2023 – Feb 2024

- Managed project operations and coordinated technical teams and stakeholders.
- Maintained operational continuity and service quality across the project environment.

Security Operations Engineer | WAVZ

Jun 2022 – Jul 2023

- Monitored and analyzed security events using SIEM tools.
- Investigated incidents and supported threat-detection activities.

Network & Security Engineer | Albargasy Group

Jan 2021 – Jun 2022

- Managed Sophos XG Firewalls, Aruba switches, AlienVault OSSIM SIEM, Kaspersky Security Center, VPN connectivity, and enterprise infrastructure security.
- Supported network-security operations and enterprise infrastructure protection.

Network Engineer | Albargasy Group

Jul 2019 – Jan 2021

- Managed networking infrastructure including Cisco switches, DrayTek routers, Hyper-V environments, and enterprise LAN/WAN connectivity.

SELECTED PROJECTS & CONSULTING

Aboelwafa — FortiGate Firewall Deployment & Network Security Implementation | Apr 2026

Designed and implemented a complete FortiGate firewall solution. Configured firewall policies and NAT, VLANs and segmentation, IPSec/SSL VPN, IPS, Antivirus, Web Filtering, Application Control, DHCP, DNS and routing; performed security hardening, optimization, testing, documentation, and post-deployment support.

Network Implementation at Option Travel | Oct 2021

Implemented and configured Sophos Firewall for network security and policy enforcement; configured Cisco switches including VLANs, trunking and access control; handled system hardening, access segmentation, and network-layer troubleshooting.

Security Consultant — SC-Zone Port Said Project

Provided consultation for network infrastructure security deployment and secure architecture planning.

Network & Infrastructure Upgrade — Albargasy Automotive

Participated in infrastructure modernization and network optimization projects.

CERTIFICATIONS

- Fortinet NSE 7 — Network Security Architect (SD-WAN)
- Fortinet NSE 4 — Network Security Professional
- FortiGate 7.0 Administrator — verified exam badge
- Fortinet SD-WAN 7.0 Architect — verified exam badge
- CCNP Security — SCOR (350-701)
- CCNA CyberOps
- CompTIA Security+
- ITIL Foundation
- CNSS — Certified Network Security Specialist

ADDITIONAL VERIFIED CISCO BADGES

- Cisco Networking Basics
- Cisco Networking Devices and Initial Configuration
- Cisco Endpoint Security
- Cisco Ethical Hacker

EDUCATION & LANGUAGES

- BSc — Nile Higher Institute for Science and Technology | 2017
- Cybersecurity Operations Diploma — NTI | 2019
- Arabic — Native
- English — Professional Working Proficiency
